ADVANCED DEGREES

DOCTOR OF PHILOSOPHY

New Data Fusion Algorithms for Distributed Multisensor-Multitarget Environments	3
Active Narrowband Disturbance Rejection on an Ultra Quiet Platform	3
The Short Wave Infrared Signature of Volcanic Ash: Remote Detection and Characterization	4
Layer-Based Coding, Smoothing, and Scheduling of Low-Bit-Rate Video for Teleconferencing Over Tactical ATM Networks	4

AERONAUTICAL AND ASTRONAUTICAL ENGINEER

Simulation of Aeroassisted Maneuvers in the Martian Atmosphere	7
--	---

MECHANICAL ENGINEER

Development and Implementation of a Shell Element with Pressure Variation Through the Thickness and Void Growth and Nucleation Effects	9
---	---

MASTER OF SCIENCE

AERONAUTICAL ENGINEERING

Performance of a Ducted Micro-Turbojet Engine	13
Miniature Munitions/Stores Functional Interface Requirements	13
Verification of Rotor Trim and Balance System (Rotabs) to Perform Rotor Track and Balance on the Main Rotor of Navy SH-60 Helicopters.....	14
Computational Analysis of the Off-Design Flowfield of a Mach 6 $[(L/D) I_{sp}]_{\max}$ Optimized Waverider	14
Low Cost Parachute Guidance, Navigation, and Control	15
Pressure Measurements on a Proposed Optical Window Fairing for the Altus II Unmanned Air Vehicle	15
Investigation of Flow Over Second Generation Controlled-Diffusion Blades in a Linear Cascade	16
High Power Microwave Source Integration With an Unmanned Combat Air Vehicle	16
Development of a Helicopter Vortex Ring State Warning System Through a Moving Map Display Computer	17

APPLIED MATHEMATICS

A Combat Simulation Analysis of the Amphibious Assault Vehicle in Countermining Operations	19
--	----

TABLE OF CONTENTS

APPLIED PHYSICS

A Study of the Design and Analysis Process of a Proposed Hypersonic Tactical Missile	21
Calibration and Algorithm Development for Split-Field Polarimeter	21
Room De-Reverberation Using Time-Reversal Acoustics	22

ASTRONAUTICAL ENGINEERING

Computational Fluid Dynamics Analysis of a Dual Mode Thruster	23
---	----

COMPUTER SCIENCE

Virtual Reality Transfer Protocol (VRTP): Implementing a Monitor Application for the Real-Time Transport Protocol (RTP) Using the Java Media Framework (JMF)	25
Framework for a High-Assurance Security Extension to Commercial Network Clients	25
The Effect of Presence on the Ability to Acquire Spatial Knowledge in Virtual Environments	26
Addressing the United States Navy Need for Software Engineering Education	27
Mobile Internet Protocol Analysis	27
Optimal Size of Job Pool for Initiating a Scheduling Event	28
Automating the Sign-Out Sheet as a Part of the Tactical Combat Training Program as an Information System for Commanding Personnel in a Naval Air Station	28
An Exploration of Open-Source Tools for Information Warfare (U)	29
A Linux-Based Approach to Low-Cost Support of Access Control Policies	29
A Routing-Based Solution to Simulating an Access Point	29
Cyber Fi: Cyberwar, Cybermercenaries, and Red Team Operations	30
A Network Design Architecture for Distribution of Generic Scene Graphs	30
Analysis of Internet Telephony and the H.323 Multimedia Standard	31
Automated Communications Intercept, Analysis, and Direction Finding System	31
A Formal Specification and Analysis of the Resource Reservation Protocol	32
ATM Security Via "Stargate" Solution	32
Autonomous Agents for Distributed Intrusion Detection in a Multi-Host Environment	33
Identifying Accurate Resource Monitoring Tools and Techniques	33
The Transfer of Spatial Knowledge from Virtual to Natural Environments as a Factor of Map Representation and Exposure Duration	34
Requirements Analysis and Design of Distributed Architecture for the Computer Aided Prototyping System (CAPS)	34
Quantum Computers and Their Impact on the Department of Defense in the 21 st Century	35
An Interactive Virtual Environment for Training Map-Reading Skill in Helicopter Pilots	35
Implementation of Real-Time MSHN Using ACE and TAO	36
Analyzing the Intel Pentium's Capability to Support a Secure Virtual Machine Monitor	36
Distributed Software Applications in Java for Portable Processors Operating on a Wireless LAN	37
Modeling Control Channel Dynamics of the SAAM Architecture Using the NS Network Simulation Tool	37
A Biologically Based Approach to the Mutation of Code	38
The SAAM Architecture: Enabling Integrated Services	38

DEFENSE ANALYSIS

SOF Tactical Intranet: Low Probability of Detection, Low Probability of Exploitation Communications for Special Operations Forces, Using a Commercial-Off-The-Shelf Wireless Local Area Network	39

TABLE OF CONTENTS

ELECTRICAL ENGINEERING

Simulations to Predict the Countermeasure Effectiveness of Using Pyrophoric Type Packets Deployed from TALD Aircraft	41
The Design and Implementation of a Digitally Programmable GIC Filter	41
Distributed Control for Paralleled PWM Inverters in the DC Zonal Distribution System	42
High Efficiency Solar Cells: A Model in Silvaco	42
Feature Extraction of Intra-Pulse Modulated Radar Signals Using Time-Frequency Analysis	43
Equivalent Impedance of Rough Surface at Low Grazing Angles	43
Simulation of a Multi-target, Multi-sensor, Track-Splitting Tracker for Maritime Surveillance	44
Shaping Router Dynamics in Large-Scale Network Management (U)	44
Analysis of an Emulated IT-21 LAN Over a Simulated Ship-To-Shore Satellite Link	45
Transient Response to Single Event Upset in AlInAs/GaInAs Heterojunction Bipolar Transistors	45
Implementing a Low-Complexity, Adaptive, Layered Video Coder for Video Teleconferencing	45
Design and Implementation of a Zero-Voltage-Switching, Pulse-Width-Modulated, High- Frequency, Resonant Buck Chopper	46
Guaranteeing Fair Access for Multimedia Traffic Using the Smart Algorithm for Multicast ATM Connections	47
Development of Visual C++ Version of the Broadband Cross-Correlation Time Delay Tracker Module for S2K	47
Introduction to Hidden Markov Models and Their Applications to Classification Problems	48

ENGINEERING ACOUSTICS

Analysis of Environment Influences of Broadband Explosive Transmission Loss Spectra Near the Mid Atlantic Bight	49
A Modal Approximation for the Mutual Radiation Impedance for Spherical Sources and Acoustic Wave Scattering Using an Improved ATILA Finite Element Code	49

INFORMATION TECHNOLOGY MANAGEMENT

Dissemination and Storage of Tactical Unmanned Aerial Vehicle Digital Video Imagery at the Army Brigade Level	51
Fire Support Planning System (FSPS): A Commercial-Off-The-Shelf (COTS), Windows-Based, Wireless Approach	52
Comparing the MOSAIC and GTSIMS Programs in the Infrared Signature Reduction and Countermeasure Environment (U)	52
JPALS Feasibility for the USN/USMC	53
World Wide Web Administration and Distribution of the Maintenance Climate Assessment Survey (MCAS)	53
Global Broadcast Service Reach Back Via Satellite Tactical Digital Link J (S-TADIL J)	54
A Data Warehouse Architecture for DoD Healthcare Performance Measurements	54
A Performance Measurement-Based Company Officer Management Information System Prototype for the United States Naval Academy	55
RSLES: An Architectural Implementation of a Decision Support System for Optimal Recruit Station Location	56
Redesign of Advanced Education Processes in the United States Coast Guard	56
Will the Logistics Management Decision Support System Meet the Information and Decision Process Requirements of Its Users?	57
United States Navy Implementation of Department of Defense (DoD) Public Key Infrastructure (PKI)	57
Digital Video Imagery and Wireless Communications for Land-Based Reconnaissance Missions	58
Preliminary Roadmap for the United States Marine Corps Public Key Infrastructure	59
Can the Military Benefit from Corporate Use of Strategic Information System Planning?	59

TABLE OF CONTENTS

Responding to the Threat of Cyberterrorism Through Information Assurance	60
A Functional Analysis of DoD Implementation of Seat Management	61
A Simulation Based Study Yielding a Full Characterization of the MISS-Distance Topological Manifold for the F/A-18 C/D, Varying Range, Angle, Wet Versus Dry Conditions and IR Signature (U)	61
Database Design and Implementation for USMC Manpower Retention Survey	62
A Critical Examination of IT-21: Thinking Beyond Vendor-Based Standards	62
Network Policy Management	63
Improvement of the U.S. Marine Corps Combat Development System	63

LEADERSHIP AND HUMAN RESOURCE DEVELOPMENT

Performance Measurement for the Company Officer: An Examination of Current Methods Used at the United States Naval Academy	65
A Performance Measurement-Based Company Officer Management Information System Prototype for the United States Naval Academy	66
Emotional Intelligence: A Look at Its Effect on Performance at the United States Naval Academy	66
Study of Factors Affecting the Retention Decisions of Sea-Going Female Naval Aviators and Naval Flight Officers	67
Selection to Naval Special Warfare and the Retention of Naval Special Warfare Officers Commissioned from the United States Naval Academy	67

MANAGEMENT

Measures of Readiness in Navy Medicine: Problems and Policy Development After the Cold War	69
An Analysis of the Effectiveness of the U.S. Army Recruiter Incentive Program to Motivate Recruiters: A Survey of Enlisted Recruiters	69
A Decomposition Analysis of First-Term Attrition in the U.S. Military	70
The Navy's "Moment of Truth": An Analysis of Recruit Experiences and Outcomes	70
Correlation Analysis: Army Acquisition Program Cycle Time and Cost Variation	71
An Analysis of DoD Fraudulent Vendor Payments	71
Modernization Through Spares: An Analysis of Implementation at the U.S. Army Aviation and Missile Command	72
United States Funding for the United Nations	72
An Assessment of the Impact on the Army's Force XXI Process in Digitizing Aviation Brigade Units	73
A Comparative Analysis of Selected Heavy Equipment Functions at the Naval Support Activity Monterey Bay and the City of Monterey, California	73
United States Army Incentive Program: Incentives that Motivate Recruiters	74
Evaluating Medicare Subvention in the Military Health System	74
The Effect of Graduate Education on the Job Performance of Civilian Department of Defense Employees	75
Revolutionizing the United States Army's Chemical Defense Through the Acquisition of Software and Software-Intensive Systems	75
External Environmental Assessments at the Test and Evaluation Centers: The First Step Towards Strategic-Planning	76

MECHANICAL ENGINEERING

A Methodology for Design of Passive Isolation for Ship/Barge Connection	77
Biomechanical Model of the Human Thorax for Impact Analysis	77
Spray Generation	78
Effect of Fluid Mesh Truncation on the Response of a Floating Shock Platform (FSP) Subjected to an Underwater Explosion (UNDEX)	78

OPERATIONS RESEARCH

The Role of Color and False Color in Object Recognition with Degraded and Non-Degraded Images	83
Effects of Biological Warfare on Throughput at Seaports of Debarkation During a Major Theater War	83
Effectiveness Analysis of EA-6B Support Jamming with a Distributed Network of Electronic Warfare-Capable Unmanned Aerial Vehicles (U)	84
Re-Optimization of Time-Phased Force Deployment Plans in Response to Emergent Changes During Deployment	85
Determining the Required Number of Combat Logistics Force Ships (U)	85
Factors Affecting Chronically Short Military Occupational Skill (MOS) Specialties in USMC Reserve Units	86
Measuring Surface Combatant Fleet Effectiveness	86
Joint Operational Stocks Inventory Purchasing Prioritization Methodology	87
Stochastic Modeling of Naval Unmanned Aerial Vehicle Mishaps: Assessment of Potential Intervention Strategies	87
Assessment of Maintenance Safety Climate in U.S. Navy Fleet Logistics Support Wing Squadrons	88
Analyzing Success of Navy Enlistees with Moral Waivers	88
Improved Questionnaire Data Handling and Automated Analysis Capabilities for the MV-22 Operational Evaluation	89
Analyzing Underwater Hull Coating System Wear for Surface Combatants	89
Scheduling Aircrew Training at United States Navy Fleet Readiness Squadron HC-3 During Replacements of H-46D Helicopters by CH-60S	90
Simulation of Class A and B TACAIR Flight Mishaps, Assessment of Potential Human Factors Intervention	90
Sensory Adaptation Effects Following Exposure to a Virtual Environment	91
A Decision Support System for Aircrew Scheduling in the R.O.K. Navy Maritime Patrol Squadron	91
Tomahawk Strike Coordinator Predesignation: Optimizing Firing Platform and Weapon Allocation	92
Tactical Exercise Review and Evaluation System	92
Analysis and Modeling of Back Injuries Aboard U.S. Navy Vessels	93
A Parametric Cost Model for Estimating Acquisition Costs of Conventional U.S. Navy Surface Ships	93
Improving the Layout of a Warehouse at the Coast Guard Aircraft Repair and Supply Center	94
Optimally Scheduling EA-6B Depot Maintenance	94
An Analysis of the Effects of Aviation Career Continuation Pay (ACCP) on Naval Aviation Retention	95
Safety Climate Assessment in Naval Reserve Aviation Maintenance Operations	95
Numerical Analysis of Fratricide in United States Naval Surface and Submarine Forces in the Second World War	96
Forecasting Carrier Air-Wing Operational Availability With Event Step Simulation	96
A Probabilistic Model Cost Estimation Model for Unexploded Ordnance Removal	97
Optimizing Navy Wholesale Inventory Positioning	97
A Decision Support System for Sea-Based Sustainment Operations	98
A Comparison of Sustainment Tactics for a Future Naval Force	98

TABLE OF CONTENTS

Operational Maneuver from the Sea Logistics Training Aid	99
Sensitivity of Submarine Hyperspectral Contrast	99
Naval Logistics Simulator	100
Distribution of Firing Directions in a Coordinated Surface-to-Surface Missile Engagement	100

PHYSICAL OCEANOGRAPHY

Ionian Sea Surface Temperature: Satellite and Drifter Observations, May to October, 1995	101
Oceanographic De-Glinting Techniques for Hyperspectral ASW (U)	101
Analysis and Modeling of the Acoustic Tomography Signal Transmission from Davidson Seamount to Sur Ridge: The Forward Problem	102
Inversion of Shallow Water Bottom Sediment Properties Using AN/SQS-53C Reverberation Level Data From Exercise LWAD 99-1	103
A Numerical Modeling Study for the Japan/East Sea (JES) Seasonal Circulation and Thermohaline Structure	103

Radiant Emerald – A Concept of Operations for the Integration of National and Tactical Intelligence Assets (U)	109
(Classified Title)	110
Multi-Sensor Data for Maritime Situational Awareness (U)	110
A Proposed Fire Support Communication Architecture for Extending the Littoral Battlespace (ELB) Advanced Concept Technology Demonstration (ACTD) '01	111
Remote Sensing Support of Tomahawk Land Attack Missile Strike Combat Assessment (U)	111
Integration and New Opportunities to Meet the Cryptologic Challenges of the 21 st Century (U)	111

SYSTEMS ENGINEERING

Application and Evaluation of Higher Order Cyclostationary Techniques in Signal Classification	113
Cisco Internetworking Operating System Security Vulnerabilities (U)	113
Methods for Mitigating Vulnerabilities of Network-Level Encryption ATM Networks (U)	114
Monitoring Information Systems to Enforce Computer Security Policies	114
Investigation of Minimum Resolvable Temperature Difference Formulation for Polarized Thermal Imaging Range Prediction	115
Telemetry and GPS Antennas for a Micro Air Vehicle	115
Public Key Infrastructure (PKI) Interoperability: A Security Services Approach to Support Transfer of Trust	116
Modeling and Influencing Iraq's Use of Biological Weapons (U)	116
Modeling a High Power Microwave (HPM) Weapon System (U)	117
Wireless Local Area Network (WLAN) Applications in the Common Aviation Command and Control System (CAC ² S)	117
Analysis and Vulnerabilities of Spread Spectrum Wireless Local Area Networks on Surface and Sub-Surface Combatants	118

TABLE OF CONTENTS

Development of High Power Microwave Uninhabited Combat Air Vehicle (U)	118
Intrusion Detection of the Digital Battlefield	119
Securely Migrating to Windows 2000	119
An Airborne High Data Rate and Low Cost Digital Communications Network Using Commercial Off-The-Shelf Wireless Local Area Network Components	120
Introduction of Non-Traditional Network Security Solutions to IT-21	120

SYSTEMS TECHNOLOGY

A Proposed Fire Support Communication Architecture for Extending the Littoral Battlespace (ELB) Advanced Concept Technology Demonstration (ACTD) '01	123
SOF Tactical Intranet: Low Probability of Detection, Low Probability of Exploitation Communications for Special Operations Forces, Using a Commercial Off-The-Shelf Wireless Local Area Network	124
Microsoft Operating Systems Development and Strategy: An Assessment of the Windows 2000 Server Operating System	124
